

MOHAVIA SINON

IT Developer • Software Developer

📍 Johannesburg, South Africa • ✉ mohaviaro@live.com • ☎ +27 734339911
🌐 [linkedin.com/in/sinon](https://www.linkedin.com/in/sinon) • 🐙 github.com/mohaviaro • 🌐 mohaviaro.github.io/cv

SUMMARY

Experienced Software Developer and AI Specialist with over 5 years of experience in Python development and ERP system implementation, specialising in building scalable, data-driven solutions. Proven track record of leading high-impact projects, optimising business processes, and delivering robust systems in complex environments.

Holds a Master's degree in Artificial Intelligence and a Master's in Financial Engineering, supported by a strong academic foundation in Computer Science and Applied Mathematics. Demonstrates solid expertise in machine learning, optimisation, data analysis, and quantitative modelling.

Combines strong analytical and engineering skills to develop advanced AI-driven solutions across business and technical domains. Passionate about innovation, continuous learning, and leveraging technology to solve complex real-world problems, with a collaborative approach to work across cross-functional teams.

CORE COMPETENCIES

- Advanced Python Development
- Machine Learning & Deep Learning
- AI Solution Implementation
- Data Analysis & Visualisation
- ERP System Development (Odoo)
- Cloud Technologies (Azure, Docker)
- Financial Modelling & Portfolio Optimisation
- Drug Design Using Deep Learning

EXPERIENCE

IT Developer

Health and Welfare Sector Education and Training Authority (HWSETA)

July 2022 – Present

Johannesburg, South Africa

- Lead Python programming initiatives for front-end and back-end development, creating innovative ERP solutions that address dynamic business needs.
- Implement robust version control and deployment processes using Docker and Microsoft Azure, improving operational efficiency.
- Conduct comprehensive code reviews and system optimisations, enhancing overall software performance and scalability.
- Spearhead data migration projects using PSQL, Python, XML-RPC, and ORM API, ensuring 100% data integrity.
- Collaborate with cross-functional teams to streamline server administration on Linux platforms, significantly improving system reliability.
- Develop custom Odoo modules for strategic projects, including Organisation Management, Organisation Representatives, Skills Development Facilitators, Helpdesk Systems, Workplace Skills Plans, Finance, Learner Management Systems, and Supply Chain Management.

Developer and Data Analyst Intern

Health and Welfare Sector Education and Training Authority (HWSETA)

July 2021 – July 2022

Johannesburg, South Africa

- Developed and implemented new systems within Odoo ERP and CRM platforms, streamlining HR processes and enhancing data management.
- Created reusable validation modules for all system components, reducing data entry errors.
- Conducted in-depth data analysis to derive actionable insights, supporting key organisational decision-making processes.

EDUCATION

Master of Artificial Intelligence University of Johannesburg Minor Dissertation: Deep learning-based molecular generation for lung cancer therapeutics.	January 2024 – December 2025 Master's Degree
Master of Financial Engineering University of Johannesburg Minor Dissertation: The analysis of diversification properties of stablecoins through the Shannon entropy measure.	January 2021 – December 2023 Master's Degree
Bachelor of Science Honours in Applied Mathematics University of Johannesburg	January 2019 – December 2019 Bachelor Honour's Degree
BSc in Applied Mathematics and Computer Science University of Johannesburg	January 2016 – December 2018 Bachelor Degree

TECHNICAL SKILLS

Programming Languages	Python (Advanced), R, Java, C++, JavaScript, Visual Basic, Assembly
ERP Systems	Odoo (versions 8, 12, 14, 15, 16, 17, 18)
Databases	PostgreSQL, SQL
DevOps & Version Control	Git, Docker, Azure, Bitbucket, Github
Data Science & ML	Pandas, NumPy, Scikit-Learn, TensorFlow, SVM, KNN, CNN, GAN
Web Technologies	HTML, XML, RESTful APIs
Other Tools	Linux, LaTeX, Microsoft Office Suite, Mathematica, Eviews, Stata

CERTIFICATIONS

Fundamentals of Deep Learning NVIDIA	Sep 2024	Intermediate Machine Learning Kaggle	Aug 2024
Data Visualisation Kaggle	Jul 2024	Intro to Machine Learning Kaggle	Jul 2024
Git Complete: The Definitive Guide Udemy	Jan 2024	Artificial Intelligence in the 4IR University of Johannesburg	Apr 2020
